Renee M. Finch is a Partner in Messner Reeves' Las Vegas Litigation Practice Group.

Ms. Finch's career began as a manager overseeing claims professionals at a major insurance company. While excelling in that position, Ms. Finch also graduated in the top 20% of her class from The William S. Boyd School of Law, then put her career experience to work in the Las Vegas litigation arena.

Ms. Finch's practice is devoted largely to defending corporations, insurers and their insureds, in high-exposure cases in which claimed medical expenses and other alleged damages total in the millions. To date, she has tried 15 such cases to verdict, obtaining in each of them either complete defense verdicts or verdicts lower than the plaintiffs' lowest settlement demand. Her practice also includes prosecuting civil actions involving insurance fraud and conspiracy among litigants and care providers. Representative clients include Massage Envy, J&B Trucking, State Farm, Allstate and Liberty Mutual. Ms. Finch also specializes in representing new and small business owners in structuring their businesses and ensuring compliance with local and state laws and risk management standards.

Professional Experience

- Upson Smith: Trial Attorney 2013 – 2015
